Case Studies

Company

Major Automotive Manufacturer

Challenge

Struggled to fill highly-specialized positions working through a volume of unqualified resumes and interviews

Solution

V-Soft created a more precise job description, screening program and on-boarding process

Result

50% decrease in time-to-fill and vastly improved fill rate, saving the company an average of \$1,200 per day

Company

Healthcare Conglomerate

Challenge

Suffered from high turnover due to inadequate skills and inability to collaborate in a team environment

Solution

V-Soft's dedicated staffing model and precise pre-screening allowed for a steady flow of qualified candidates

Result

Staffed a full team of specialized developers with 0% turnover in 24 months
